

## STANLEY DENIES IT

Didn't Promise to Put Simpson on Railroad Court.

FOR NEW M. O. P. DEPOT

Judges Of Court of Visitation, to be All Republicans.

If the story is true that Governor Stanley agreed to appoint Jim Simpson to the court of visitation on the promise that the court will order a new Missouri Pacific depot for Wichita, the governor at least deserves some praise for his active interest in behalf of the city. When the governor was seen last night, however, he denied that any such arrangement had been made.

"I had not heard the story," said Mr. Stanley. "Such a thing has never been mentioned to me. Jim Simpson quit the race for a place on the railroad court a month ago and has not mentioned it to me since. His friends, though, are just now making a hard fight for him. I have twenty-five or thirty names to consider for the third place on that court, but I do not know who will be appointed. If I did I should go to Fort Arthur Tuesday week. I do not know whom I shall appoint."

"The only time a new depot for Wichita has been mentioned by the governor was a little while ago when he was with Colonel Joe Richards, a Missouri Pacific attorney, of Fort Scott. I told him his people ought to give us a new depot here and station facilities commensurate with the importance of our city. But the matter of naming a judge of the court of visitation was not mentioned at that time nor any other as related to building a new depot at Wichita or anywhere else."

"Will you appoint Simpson?"

"I do not know."

"Will any of the judges be outside of the Republican party?"

"I think not. It is generally understood that Mr. Cram and J. C. Postlewaite will be on the board. The others will be I cannot tell yet, but I think they will all be Republicans. The office is elective and will soon be all of one party anyway, and for that reason I think I shall name all three of them from the Republican party."

## SUES WIFE FOR DIVORCE

Mr. Ferguson Sues His Abandoned Wife in 1896.

After having been left out in the cold and cheerless world and cut off from the companionship of his wife for more than three years, David T. Ferguson has given up all hope of a reunion, and yesterday he filed a petition for a divorce from his wife, Dollie Zoe Ferguson, to whom he was married in this city on August 11, 1882. They lived together until January 9, 1896, when, without any cause on his part, Dollie Zoe left him and has ever since abandoned him. He says he has been a good, true and faithful husband, and has given her no cause whatever for her rash action. He wants to be free from her hereafter and forever, and accordingly asks a decree of divorce.

## VERY BEAUTIFUL CRYSTAL

Formed of Sal-Soda at the Wichita Soap Company's Works.

W. H. Beal brought to the Eagle office yesterday the most wonderful crystal probably ever formed in this part of the country. The crystal was a sal-soda crystal, about four inches in length, containing every angle in geometry, the whole being whiter than snow and looking as if it had been knocked off a cornice in fairyland somewhere.

Mr. Beal is of the Wichita Soap Company. In emptying one of their sal-soda vats which had been full throughout the very cold weather, this immense and beautiful crystal was found clinging to the side of the vat.

## FROM A MASONIC LODGE

Billy Spear Secures It From a Masonic Lodge.

Billy Spear, while on his trip to Havana, secured a souvenir from a Masonic lodge of that city, a square and compass made of wood, which had been in use in a Scottish Rite lodge for over one hundred years. He had it placed in a frame, behind glass, and presented it to the Wichita consistory, No. 2, where it will hang among the many interesting pictures that decorate the lodge walls.

## BLIND WITH ECZEMA

Three Children Afflicted 20 Months CURED BY CUTICURA.

My second child got eczema when seven months old. Three months later my first child got it, and following him, the last one, two years old. For twenty months they suffered fearful agony. Their whole bodies, especially their faces, were so sore and raw that they were blind half the time. No words can describe the suffering of my second child, whose whole body was one bloody mass. He was constantly crying, could not sleep, and he actually did not look human. I tried doctor after doctor without the slightest relief. The first application of CUTICURA brought relief in each case, and after fourteen days' treatment with CUTICURA, SCALP AND CUTICURA (cuticura), the worst case was cured. MRS. WORK OF MALICIOUS BOYS

They Break Into Wichita Store Works and Do Damage.

A number of boys bent on mischief broke into the Wichita Store Works, corner of First and Fifth streets, Sunday night, and did a great deal of damage, chief of which was the breaking of the telephone in the building. They tore it to pieces and flung it about the room. So far the culprits have not been apprehended, but if they are they will receive a dose of the law they will not forget soon.

## TWO DIVORCES GRANTED

Mrs. Holmes and Mrs. Condit are Each Issued a Decree.

not been for several months past, was granted the divorce yesterday morning, and is now again in single blessedness. Her husband did not appear against her in the suit.

Anna L. Condit was granted a divorce from her husband, Berry H. Condit. This petition was filed several months ago, the wife alleging that her husband did not provide, that he was an habitual drunkard and that he was extremely cruel to her.

## U. S. COURT TERM

Judge Hook Makes a Favorable Impression.

ATTORNEYS ALL LIKE HIM

Criminals are Sentenced to Pay Fine of \$1,000 Each.

The term of federal court opened yesterday, with the largest array of attorneys seen in the United States court room in many days.

Judge Hook, the newly appointed judge, sat on the bench, full of dignity and looking like a jurist of long experience. He met the attorneys with the greatest of courtesy, and dispatched their business with celerity and precision. The court room was filled with attorneys from over the state and outside, and those who were in groups talking were mostly paying the highest compliments to the new judge. Attorneys of all politics were alike in their opinion concerning Judge Hook, and several men were heard to say that it was gratifying to come before a judge in the federal court who knew his business, and confined himself strictly to the law and text.

One of the first cases disposed of yesterday morning by Judge Hook was the sentencing of three men named A. S. Brown, D. O. Wilson and J. M. Reardon, who pleaded guilty to the charge of violating the interstate commerce law. They were sentenced to pay a fine of \$1,000 each and to stand committed until the fine was paid.

The court heard several motions and then took a recess until 2 o'clock. At the afternoon session the grand jury was empaneled and C. S. Jobes, national bank examiner, was sworn as foreman of the jury.

After the jury was sworn Judge Hook heard the motion of several attorneys before the petit jury was called.

The court then adjourned until this

## A MATTER OF CONCERN.

There are only a few more days in which to register. You cannot vote if you are not registered. You must register this year. Your registration last year has expired. You must register anew this year, and at once. You should register yourself and wife, as she can vote at the coming city election, and two votes are better than one. People are not registering. A good many of them will put it off until it is too late. The thing to do is to register this morning. It does not take over ten minutes at the most. Go down to the city building this morning, and take your folks with you. Thousands of voters in the city are not registered, and you are one of them. You think you are registered, but you are not unless you have registered since January 1, 1899. Go down to the city clerk's office and attend to this. Don't put it off until tomorrow or the next day, but do it today.
